

To whom it may concern,

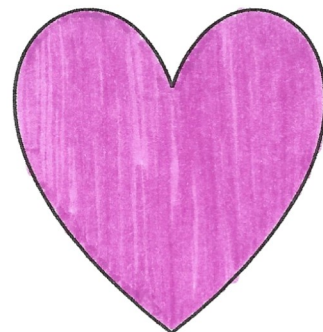

I want to recommend that you hire my
teacher Mrs. Irvine. I think you

should hire her because she is nice
and caring. She does
fun science projects
and lets us do hands-
on learning. She is a
good teacher and I
like it when she
lets us sit with our
friends.

Sincerely,

your So kind and funny and uses so
many amazing teaching techniques. She
is also one the best teachers I've
ever had! When someone doesn't get
something she explains it in a way
that really makes sense. Me and the
whole class will miss you very much.
